**8\*. MOTION - FORMULATION OF A POLICY ON POULTRY FARMING  
IN THE COUNTY**

*(Hon. Mwaniki Antony Ikonya, MCA)*

**THAT**, aware that poultry sector represents about 30% of the agricultural contribution to GDP in the Country; Further aware that according to the 2009 Population and Housing Census, Kiambu County had a total of 2,600,837 poultry and recorded production of 266.9 million kilograms of eggs, valued at kshs. 699.2 million, a considerable contribution to the poultry sector;

**OBSERVING** that over the years poultry farming particularly chicken layering has grown to become an important livestock sub-sector in most households due to the high demand for poultry products; further noting that the sector provides numerous job opportunities and a source of income to a significant population of county farmers;

**CONCERNED** that in the recent past chicken farmers have been facing numerous challenges such as high cost of production associated with the high cost of raw

**.../Cont'd Order No. 8\* and 9\***

materials such as animal feeds; costly vaccines and drugs and, competition due to an influx of eggs sold at lower prices from the neighboring countries. Also concerned that animal feeds accounts for between 50 and 70 per cent of the total input cost and they constitute the major input cost to the poultry production;

**DEEPLY DISTURBED** that this has negatively affected farmers as they are unable to access quality feeds for their chicken as well as requisite vaccines at affordable prices thus incapable of matching stiff competition posed by suppliers importing eggs from neighboring countries at a lower cost; this has also been escalated by lack of appropriate mechanisms like agricultural cooperatives to assist farmers access affordable feeds, credit to support their farming, cheaper transport, storage facilities, grading and processing of their eggs in order to fetch better prices;

**APPRECIATING** that matters of agriculture including animal husbandry as well as trade development and regulation including cooperatives societies are devolved functions of the County Government as provided for under part 2 of the Fourth Schedule of the Constitution;

**THIS ASSEMBLY** therefore urges the relevant County departments guided by the applicable National Government policies to formulate a policy on poultry farming that will address the plight of poultry farmers including but not limited to formation of an agricultural cooperative society for the same purpose.

9\*. **MOTION-**      **PROVISION OF PROPERTY OWNERSHIP DOCUMENTS**  
**BY COOPERATIVE SOCIETIES ENGAGED IN BUYING**  
**AND SELLING OF PROPERTY IN THE COUNTY**

*(Hon. Gachui Hezron Mwangi, MCA)*

**THAT, AWARE** that in the recent past the County has witnessed mushrooming of cooperative societies engaged in buying and selling of land including housing units due to high demand of prime land and houses and coupled with increase in the value of property within the County;

**DEEPLY CONCERNED THAT** numerous cases of property ownership wrangles have been witnessed due to lack of legal ownership for the pieces of land and houses purchased. This is as a result of those cooperative societies failing to honor their contractual obligations with regard to selling of property such as land and housing units within a reasonable time to the members even after meeting their obligations including full payment of the purchase price;

**RECOGNIZING THAT** full ownership of a property which entails provision of title deeds increases security of property, support development of property market and allows better access to credit using the property as collateral. **OBSERVING THAT**

without requisite property ownership documents, property owners are unable to obtain credit facilities from lending institutions and also relevant construction approvals from the County Government;

**NOTING WITH APPROVAL THAT**, cooperative societies and matters of fair trading practices are devolved functions of the County Government as provided for under part 2 of the Fourth Schedule of the Constitution of Kenya 2010;

**THIS ASSEMBLY** therefore urges the County Government through the relevant department to engage cooperative societies involved in buying and selling of properties including land and housing units with a view to facilitate timely issuance of title deeds, completion and handover of housing units to members upon fulfillment of their contractual obligations on purchase of said property.
